

NAI Forum Advisory Group

NAI has formed an advisory group with one member from each Nordic country. The advisers have thorough experience and knowledge of development policy issues and of the debates on these issues in their countries and beyond. They are in touch with policy makers, academic researchers and civil society participants in these debates through established networks and/or personal contacts. The group has been composed with a view to balancing Nordic nationality, institutional affiliation, academic discipline, gender and age. The coordinating editor of NAI Forum, a senior NAI communication official and a NAI senior policy analyst are *ex officio* members of the group.

Members

Penny Davies

Policy adviser, Diakonia, Sweden, and independent consultant.

Lars Engberg-Pedersen

Head of Research Unit on Politics and Governance, Danish Institute for International Studies.

Siri Gloppen
